

## COMPLEX Project Website – Deliverable 7.4

This deliverable can be found following the link <http://www.complex.ac.uk/> .

The project website has been conceived and built using principles of good practice on design, accessibility, navigation and content management. The information is presented in a coherent manner on all pages of the site including branding consistency/ visual identity ( logo, fonts, colours, font size, layout) .

Below is the structure of the website. The web portal/ Member area is currently under construction.

“Knowledge Based Climate Mitigation Systems for a Low Carbon Economy”  
Seventh Framework Programme, Theme [env.2012.6.1-2]  
Grant agreement 308601
